

HENRY FORD ACADEMY: POWER HOUSE HIGH

SENIOR PRACTICUM

PRODUCT APPROVAL FORM

Name _____

Practicum Placement _____

Dear Adult Partner:

In our effort to ensure that the student chooses a product that is meaningful, practical and feasible, we are enlisting your expertise. With your guidance each student needs to develop two (2) possible ideas for a product that would connect to the Practicum experience and would draw on your knowledge base. The Senior Workshop teacher will review and approve the idea for creating a final product. Thank you in advance for your cooperation and support.

Student: *This form is to remain with you through the duration of the Senior Mastery Process and is part of your final portfolio.*

1. Your Senior Workshop teacher will sign this form either approving or not approving your product idea. A final product must eventually be approved.
2. Once your final product has been approved bring this form with you to your academic coaching session with your Practicum Coordinator.
3. You may also discuss your product ideas with your Practicum Coordinator but remember that final approval must come from your Senior Workshop teacher.
